

Executions in Iran

This chart documents executions of people by the Islamic Republic of Iran beginning in January 2012. The official announcements are noted but, as the Iranian government does not announce many executions, it is difficult to know the exact number. IHRDC is thus unable to confirm the unofficial reports but has provided links to PDFs of the original sources. It will update this list on a regular basis.

Last Update: 12/21/2012

Total in 2012: 489
