Iranian eyewitness: arrested and imprisoned in Kahrizak camp!

- **W**hat you read is one of recent detainee's memories whom even doesn't know if the detention he used to be kept in has been *Kahrizak* or another non-standard detention!

A car stopped in front of me and two men jumped out and picked me up and from the beginning started to call me with curse and swears so i was happy they are not from military or police forces and maybe want money or something and will let me go but when they kept my head down between my knees not to follow the directions and gave me a black blindfolded (which was with me for two weeks except for the time i was alone in mu cell) i recognized that they are from militia and tried to keep track of directions but couldn't though i used to think i know the place and the bridge we are passing by and it's not Kahrizak .

I was afraid to ask anything cause i didn't want to hear anymore curses so i just asked where do you take me? and one of them said we are going to f**k you and i didn't ask anything else. But they continued to tease me and said but it's not like always and ...I was thinking are they really from those police forces we used to think they are so holy and good men!

After sometimes we got in to an area and car stopped and they pushed me out of the car and because i was not able to see anything i used to hit
