A group of Iranian lawmakers visited the Evin prison on Wednesday.

A group of Iranian lawmakers investigating the situation of detainees arrested during the post-election unrest have visited Tehran's Evin prison.

The members of the Majlis (Parliament) special committee held talks with the detainees as part of their probe into alleged mistreatment reports on Wednesday.

The lawmakers said that the detainees' complaints were mainly related to a temporary detention center named Kahrizak, where they were kept before being sent to the Evin prison.

Kahrizak detention center was shut down upon an order by the Leader of the Islamic Revolution Ayatollah Seyyed Ali Khamenei.

Alaeddin Boroujerdi, the Head of Iran's Parliamentary Committee on National Security and Foreign Policy, who is also a member of the fact-finding committee said that there is a common point in the remarks of all the detainees and that is the fact that "all prisoners are satisfied with their situation in the Evin prison".

Boroujerdi noted that the detainees' situation in the temporary detention centers should be investigated.

Anyone is pleased to be in a prison, and being raped is such fun! The more, the better. Iran is becoming the best place in the world, and evin prison, according to Goofy, is far better than Disney World and Disney Land together.

This prison should be shut down

I should ask to be imprisoned in Iran to finally be satisfied with my life, since this is a fact certified by "fact-finders". LOL

Too late for President A. The poison is already in his system. His liver is beginning to fail and he is having neurological symptoms that create minor confusion falsely attributed to exhaustion. No antidote. No tracing until autopsy because it requires sectioning of organs to detect. He, is, as they say, screwed!
