

The Statements Issued by Paris Office of
The People's Mojahedin Organization of Iran
(PMOI)

OCT.2-7

1982

THE PARIS OFFICE OF THE PEOPLE'S MOJAHEDIN HAS TODAY RECEIVED THE FOLLOWING PRESS RELEASE BY THE IRANIAN CHARGE D'AFFAIRES IN OSLO, NORWAY WHICH IS PRESENTED HERE:

PRESS RELEASE

Denunciation of the Chargé d'Affaires of the Embassy of Iran in Oslo against the terror regime of Khomeini and his joining to the People's Mojahedin of Iran and the National Council of Resistance.

A) I, Parviz Khazaii, Chargé d'Affaires of Iran in Oslo hereby declare detestation against the anti-human regime of Khomeini and quit today the Embassy of this regime in response to the message of Massoud Rajavi, the leader of the People's Mojahedin Organization of Iran and the person responsible for the National Council of Resistance, which is the sole democratic alternative to the usurpant, medieval regime of Khomeini, the regime which caused:

- 1- The total confiscation and diversion of the just revolution of the people of Iran which was to bring about democracy, freedom and independence to Iran after the tyrannical and corrupt regime of Pahlavi.
- 2- Summary trial and mass execution of 20,000 people and the detention of 50,000 political prisoners including children, pregnant women, civil and military servants, medical doctors, workers, and even wounded detainees.
- 3- The imposition and continuation, despite all the international efforts for a just peace, of an unwanted war, a war which already caused 200,000 lives, same amount of wounded and invalids, millions of homeless refugees, and billions in material losses.
- 4- The total ban on freedom of press, speech, expression, religion, and culture.
- 5- The creation of a policy totally based on vandalism, and international tension and adventurism--wrongly in the name of Islam--a policy which is nothing but his own reactionary and medieval interpretation of religion.

★
Founded in 1965, the People's Mojahedin Organization of Iran has grown to become the major opponent of the Khomeini regime. Directing the Resistance movement against Khomeini, the P.M.O.I. has also concentrated on making the world opinion conscious of the gross violations of civil and human rights in Iran. The statements released on a regular basis by the Paris Office of the People's Mojahedin are today considered the most reliable and best documented reports on Iran's important day-to-day events available to the outside world. This newsletter is a collection of such statements translated, arranged and distributed by the Moslem Iranian Students Society (U.S.A. & Canada), P.O. Box 5475, Long Beach, CA 90805. Reproduction of this newsletter or parts thereof is permitted.
